Re: Target Brick, NJ

Dear Mr. Armbruster,

On behalf of Target Corporation, I would like to thank Armbruster Communications LLC for its outstanding efforts to successfully completing the phone/data installation on our remodeled Target Store located in Brick, NJ.

Through the efforts of your entire crew, the project was successfully completed to meet a very demanding schedule, meeting the exacting demands of our company. Your team professionally managed all aspects of the phone/data installation process.

I looking forward in working with Armbruster Communications LLC on future projects and could not recommend a more highly qualified installer to others for their projects as well.

Very truly yours

Jerome Rego
